

Justin Jullian

Justin and Cristina Jullian have been married for 10 years and have 1 child.

Occupation: Clinic Supervisor, OHSU Family Medicine

Interests/Hobbies: Watching movies with the family, Golfing,

How and when did you become a Christian? I became a believer in Christ at age 21. Growing up as a non-believer without a father led me to many bad decisions starting as early as 12 years old. After battling a 9-year addiction to many different drugs and alcohol I realized I needed help. I then turned to the one true Father in Heaven who saved me. This all happened here at Village in 2009.

When did you start coming to Village and why?

Village has been my home away from home since 2009. I was invited by a beautiful newer believer at the time who is now my wife. After attending my first service at Village I felt a strong pull on my heart to keep going. That feeling led to my salvation and my love and commitment to Village.

How do you believe God wants to use you as an Elder at Village?

I believe God has a purpose for everything and everyone. Village is known for its Multicultural, Multi-generational & Multi-Lingual mission statement. Over the years I have been blessed to be a part of this mission first hand by attending and serving Village in the Hispanic Fellowship. I am not only learning the culture and language; I have been blessed with the opportunity to live the culture for many years. For that reason, I believe that God is presenting this opportunity for me to be a part of upholding and nurturing Village's mission in being a Multicultural Community in Christ.

What ministries are you currently involved with at Village?

I am currently leading the sound team for worship in HF. I have serve on the core HF leadership team, I am part of a life group, short term missions to

Lebanon & Mexico (on hold due to COVID) and member of current Lead Pastor Search Committee .

How can we as a church pray for you and your family?

During these unprecedented times there has been so much change for me and my family just as with many others around the world. Times have been busier and more challenging now than ever before. I ask that you pray for the health and wellbeing of my family's spirit. I ask that you pray that we can have wisdom and understanding as we navigate through all these changes and challenges. I ask that you pray for us to always remember to trust in the Lord and his will for us and to continue to seek Him and His guidance.
